About Us

NCS is an Outsourcing company providing a range of accounting and taxation-related services to Australian CPAs, Accountants & Corporates. It is a company incorporated in Australia with its back office in Gujarat, India. NCS is an initiative of Navkar Institute, a leading educational institute for Chartered Accountants and CPAs. It enjoys high repute due to its network of 150,000+ students and 10,000+ Chartered Accountants/CPAs.

Our Aim

Our aim has always been to understand what is most important to our clients and to help them create sustainable value and satisfaction in a truly professional environment.

Our Mission

It is our earnest endeavor to apply the best business practices, quickly implement innovations, put insight into action, provide perspectives on value creation, create and develop truly congenial human resources by providing the most conducive environment.

Services Provided By NCS

SMSF Services:

We provide end-to-end SMSF management, ensuring compliance and strategic guidance to optimize your retirement savings.

Accounting & Bookkeeping:

Our expert team offers accurate accounting and bookkeeping solutions, helping businesses maintain financial clarity and stay compliant.

Corporate & Individual Tax Returns:

We handle tax return preparation for both businesses and individuals, maximizing deductions while ensuring full tax compliance.

Payroll Process & Management:

Our payroll services cover everything from processing to compliance, making sure your employees are paid accurately and on time.

04

Global Reach

As a part of NCS Global, NCS Australia benefits from a wide network and resources, enabling us to deliver superior services worldwide. Our global presence ensures that we understand and cater to diverse market needs, providing you with the best possible support wherever you are.

INFRASTRUCTURE

The workstations are configured per client's requirements and an enterprise-wide antivirus system protects the entire network. The staff has restricted access to the internet.

NCS is connected to the internet on fibre-optic lines. A dedicated fibre-optic ring ensures various redundancy paths to and from the ISP.

The latest communication systems, including VOIP phones, video, and audio conference devices are installed for smooth interaction with our foreign clients.

Training rooms are equipped with multimedia projection systems, net conference facilities, and workstations connected to the network for online training.

SOFTWARE

and many more...

Security Measures

Employees must use biometric verification and access cards to enter the work area exclusively.

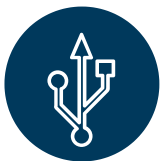

Cellular phones, Bags and Personal Articles are prohibited in the work area.

The entire work area & systems are under CCTV surveillance.

Work facilities are guarded by stationed security personnel outside.

USB ports are disabled at workstations and do not have external drives.

Accessing personal email accounts is strictly forbidden.

Use of the internet is restricted to work-related sites only.

IP authentication secures business sites for authorized access.
